Please complete this questionnaire in its entirety. Incomplete questionnaires cannot be considered. A Forever-Home Rescue Foundation is searching for "Forever Homes" for the pets we place. If you are not prepared to accept a lifetime (companion animals can live 15 – 20 years) of loving commitment to an adoptive pet, please look elsewhere.

We do not guarantee the health of any animals offered for adoption. Any time you adopt an animal, you should take it to a licensed veterinarian as soon as possible. Your animal is, to the best of our knowledge, healthy, but will need to be started immediately on a program of preventative veterinary care. Please be aware that the animals available for adoption are rescue animals and, as such, have often been exposed to a variety of diseases. Like human illnesses, these disorders can have an incubation period of up to several weeks. If the animal you adopt shows signs of illness at any point, you must take it promptly to your veterinarian for treatment at your expense. **I have read & understand this disclaimer.**
