

# Support A Forever Home!

A Forever Home Rescue Foundation has saved many thousands of abused, neglected, abandoned, and unwanted puppies and dogs over our 20 years of operation. As you know, vet care is expensive, and prices continue to rise.

You can support A Forever Home in their mission by simply feeding or pampering your best friend(s). Here's how:

1. Visit [www.pawTree.com/marybeth](http://www.pawTree.com/marybeth)
2. At the top of the page, click "Pet Profile" (on the far right) and create a profile for your pet(s). Based on your answers, pawTree will give you suggestions for your furry friend – and you can also just browse the website to find items.
3. When you fill in your name, make sure you add *AFH* behind it (e.g., "John Smith AFH"). This will guarantee that A Forever Home will receive 25% of **every purchase** you make.
4. Everything at pawTree is **100% money-back satisfaction guaranteed**, so if your best friend doesn't LOVE everything you have purchased, simply call the company, and your money will be cheerfully refunded.
5. Because your profile will be linked to AFH, A Forever Home will continue to receive donations every time you make a purchase.

Any questions? Contact Marybeth Henry, Northern Virginia pawTree Pet Pro, at 571-245-3187 or [henrymb20170@yahoo.com](mailto:henrymb20170@yahoo.com)
